

Dear Resident,

On behalf of the Society welcome to Itchenor.

As you are probably aware the village of Itchenor lies within an Area of Outstanding Natural Beauty and part of our village is also in a Conservation Area.

In 1989 the Itchenor Society was formed by residents to oppose plans for another road into the village and the doubling of the size of the car park. Since then the Society has worked tirelessly to maintain the beauty of the village and support its amenities by, for example, planting hedgerows and trees with guidance from the Harbour Conservancy and Parish Council, organizing working parties to maintain the village pond and many other interesting and worthwhile projects. The Society also actively supports a variety of initiatives which directly or indirectly are of benefit to the village. It was instrumental in the production of the Village Design Statement and has raised funds through Village Fairs, Pig Roasts and its Summer Parties for St. Nicholas Church and the Memorial Hall.

The majority of residents are members but our aim is to represent everyone in the village.

The cost of membership is a nominal £10.00 per household but many members generously increase their subscription or make a donation.

We hope you will join us by contacting our Membership Secretary, Mr. Colin Simpson, on 514931 or email cps0942@btinternet.com alternatively please complete the form below and return to Mr. Colin Simpson, Oldhouse Farm, Itchenor Road, PO20 7DH.
